C RANGE
DISHWASHERS

C RANGE DISHWASHERS

Great performance, great durability *and* great value for money

The C510, C1000 and C1010 dishwashers have been specifically developed to meet market demand for those seeking quality at the right price.

The New C Range offers significant improvements in both wash results and ease of maintenance. The innovative design features streamlined wash arms, fabricated from an advanced polymeric material.

All Maidaid Halcyon machines are manufactured on fully automatic production lines, which guarantees the highest quality of engineering and performance at reduced cost. The C510 and the C1010 models are equipped with a fitted break tank.

Whether you are looking for a dishwasher for a sports club, restaurant or pub, the C Range has the ideal machine for you.

Maidaid Halcyon
So much more than just a dishwasher.

- Simple but stylish appearance to enhance any establishment

- Straightforward electro-mechanical control panel

- The C510 is also available as a glasswasher with all the features that make the C range so special

Range Benefits

- Versatile range to allow the correct selection for any business
- Simple controls - just on/off, start and cycle time selection on all models
- Great value, easy to maintain machine ensures reduced whole life costs
- Adjustable peristaltic detergent pump fitted as standard to the C510 and available on the C1000 and C1010
- No unnecessary obstructions within the moulded wash tank - easy to clean
- Fully adjustable rinsaid dosing is driven by the wash pump
- Fitted drain pumps available on all models, retro fitting kits also available
- Automatic hood start
- Corner or straight through tabling arrangement

We have everything you need to ensure a perfect result every time

- Water softeners
- Machine stands
- Chemicals
- Racking systems
- Washstations
- Breaktanks

Select the right model
